# Donor Walls

Honor Philanthropy & Honor Generous Donors

## Go beyond signage.

Donor walls are a great way to honor and showcase the generosity of your donors! These walls not only honor philanthropy but also inspire others to contribute, fostering a culture of giving that can significantly impact medical research, facility upgrades, and patient support programs.

Custom Donor Walls

Custom Donor Walls feature your very own full-color art and images. Includes all names imprinted on panels. We customize each donor wall to fit your requirements, taking into account design, size, and unique features. Pricing will vary accordingly. Final pricing is based on below factors:

- Number of names
- Number of plates
- Number of panels of the final design

The cost of subsequent plates and fulfillment will need to be quoted.
